

Commonwealth Countries - Worksheet

We have discussed how the commonwealth supported the UK in the war effort. Do you know where abouts in the world some of the commonwealth Countries are ? Do you know where Germany is, where many of the aircraft would have been heading ?

Use the map provided to plot the coordinates of these countries, write the number from the map and the coordinates next to the country you think they belong to. We have started for you with Nigeria, shown on the map with a black cross. In the thought bubble below write anything you know about the country, think about climate, landscape, animals, sports and food for example, again we have started with Nigeria.
